This duplex 2-bedroom apartment is currently being built in the new Vodárna Residence in a unique heritage-protected former waterworks building from 1882. The Neo-Renaissance building is located next to a community garden on the border of Nusle and Vršovice, within easy reach of a full range of services and several parks. Completion is planned for spring 2024.

The area of the unit on the 1st and 2nd floors consists of a living room with a preparation for a kitchen, a bedroom, a bathroom (with a shower and toilet), and an entrance hall with a separate toilet.

The high standard facilities include multi-layer wooden floors, underfloor heating with electric heating mats and the possibility to control via mobile application, Jablotron security system, heat recovery, white matt wooden interior doors with paneled frames, **M&T Lusy** handles, Ceratherm, Duravit, Geberit, and Laufen sanitary ware, ceramic tiles, and floor tiles. The wooden windows are replicas of the original ones, including fittings. The entrance door will be a new single-leaf door with period profiling and black hardware. A **pram room** will be available to the residents, and the unit includes a **cellar storage unit**. If interested, it is possible to equip the interior with custom-made furniture for an additional fee. The entrance area of the Vodárna Residence will be decorated with cleaned **marlite**, the lower part of the historic water reservoir will also be visible, and the floor will be made of original granite stones and polished concrete. There will be a new atypical steel staircase in the western tower and the **original granite staircase** in the eastern part.

The residence is located right next to the new underpass of the Vršovice Railway Station, from where you can reach the center of the **Main Railway Station in 5 minutes**. Tram stops are just a few steps away, and transport comfort will also be increased in the future by a D line subway station. There are shops in the immediate vicinity, including a supermarket, restaurants, cafes, schools, and medical services. It is close to a **theater, cinema, and sports field**, and you can connect in no time to the currently emerging unique bike path, the Vršovice Railway Promenade. There is a community garden in the neighborhood, and it is possible to walk to **Havlíčkovy Sady, Jezerka or Folimanka park or Tyršův Hill in a short time**.

Floor area 76.88 m², cellar 2.5 m².
