This unique former water tower property that is suitable for the building of a loft apartment is situated in Roudnice nad Labem, just 5 minutes from the D8 motorway and only a 5 minute walk from the city center.

The tower was built in 1927 and was originally used to power locomotives. Its height is 26 m and utilities brought to it are: electricity /5 m away/, water and sewer /150 m/. The original intention was to convert the tower into a restaurant with a view and a loft apartment for the owner. Possibility to moor a ship of any size in front of the tower; parking space for cars in front of the tower.

The surrounding area offers full public amenities in Roudnice nad Labem, a number of sports and leisure opportunities / new cycle trail right in front of the tower/, quick access to Prague.
