Top-quality equipped three-bedroom apartment with 2 loggias, 2 underground garage parking spaces and a cellar, situated on the 1st floor of a modern villa-house embodied into the unique Royal Triangle project. Presented by the renowned Schindler Seko architectural studio, these eight associated residential buildings form a cleverly-designed, carefully secured area with parking, reception and common garden.

The layout features an open-plan living room with preparation for kitchen, dining area and access to loggia, 3 bedrooms (two with access to another loggia, one of them also with en-suite bathroom and walk-in closet), common bathroom, guest toilet, and a water closet.

Residence Royal Triangle meets the highest standards of original modern housing that offers apartments from one-bedroom to three-bedroom layouts. Naturally, the highest quality materials are used, from three-layer massive varnished floors in living rooms to the tropical wood on the balconies and terraces to large format tiles in bathrooms. All apartments have a capillary cooling system in ceilings and ventilation with heat recovery, as well as intelligent home control (touch and remote system using iOS or Android), that includes, for example, a central lighting control system and thermostat. Standard features also include underfloor heating, designer bathroom radiators, doors with internal hinges and aluminum windows with triple glazing. One to two parking spaces in the underground garage and a cellar are included in the price of each apartment.

Located in a popular residential area with excellent public transport connections to the city center and full amenities, including nurseries, schools (also international) and medical facilities. You will love this locality with the nearby Prague Castle, Jelení Příkop, and lush parks - there is an abundance of atmosphere.
