Located on the west coast of the pristine Cycladic Island of Milos, this spectacular property enjoys breathtaking sunset views and access to three of the most beautiful beaches in the Aegean Sea.

The 'Rock' estate comes with a permit to build a **gorgeous six-bedroom villa** (580 sq. m.) and a **pool on 200,000 sq. m. of lush grounds**. The villa is **built directly into the gorgeous natural landscape**, with the majority of its building mass concealed while simultaneously opening its facade to nature with **unforgettable outdoor living spaces**. From above, the roof is punctured to create **atriums and skylights** that bring in light and air through carefully sculpted spaces. The outcome is a flowing structure that respects and enhances the natural qualities of the setting.

This property presents a fantastic opportunity to live on the tranquil Greek Island of Milos – with the **best beaches in the Aegean Sea**, superb fresh seafood, an interesting history (home of the priceless Venus de Milo, now found in the Louvre), and **hypnotic turquoise bays**.
