Modern office space for lease in a building with a rooftop terrace, balconies, and spacious & bright rooms, designed by the world-renowned American architectural studio Richard Meier & Partners and CUBOID Architects.

This administrative center offers not only the use of all services via a mobile application (e.g. ordering lunch, booking an electric bike or electric car, etc.), but also a number of innovative elements that contribute to creating a healthy working environment. There is also a bike room with showers and an all-day restaurant. In addition, the building has an advanced ventilation and air conditioning system, cooling beams, LED lighting, and a range of other energy-saving solutions to minimize its environmental footprint and operating costs.

Location:

The location, where one of the most modern administrative districts of Prague is being built, offers a range of services: the Arkády Pankrác shopping center, restaurants, cafes, a congress center, hotels, banks. Easy access by car and public transport, direct connection to the Prague Ring Road and D1 highway – within walking distance of the Pankrác (line C) metro station and Sídlíště Pankrác bus and tram stop.

Features and services:

The project plans to achieve LEED Platinum and WELL Gold certification

Accessible rooftop terrace

Use of services via mobile application

Use of environmentally friendly materials
