The manor received final approval in 2018.

The manor consists of seven bathrooms and twelve rooms, seven of which are bedrooms, furnished with designer pieces by the **Versace** brand. The conference center comes with a **covered pool**, a PGA Tour golf simulator, and a ballroom.

The entrance level of the manor contains a guest bathroom, a full bathroom, two closets, an entrance hall with a dining area and access to the terrace, a fully fitted kitchen, a living room, a housekeeper bedroom, and a **fitness studio** in a glazed alcove.

On the 1st floor, there is a study with a library and a zen hallway leading to the second bedroom with a **balcony** and its own living room with an en-suite bathroom. A master bedroom with a dressing room and a bathroom with a **freestanding bathtub** and a walk-in shower complete this level. On the second floor of the manor are three bedrooms with en-suite bathrooms and another bedroom with a built-in wardrobe. The manor also hides a secret room.

The detached building with a conference room comes with an open plan bedroom with an en-suite bathroom, an **indoor pool**, and a ballroom.

Up to 36 cars can park on the property. The grounds are also ready for the installation of an outdoor pool and a salt cave with a relaxation area.
