This new bright apartment with a terrace providing wonderful wide views of Petřín Hill and the city center is located on the entire top floor of a recently finished residence, which was created through the complete reconstruction of a Neo-Renaissance villa from 1911 with Art Nouveau elements. The residence is located on a quiet street in a prestigious part of Prague 5, Malvazinky.

The largest apartment in the project consists of a living room with a terrace and a preparation for an open plan kitchen, a master bedroom with an en-suite bathroom, a second bedroom, a study/guest room, a central bathroom, a staircase, and a hall located on the 4th floor.

The interior is offered in a **shell & core** condition, so the interior can be completed according to your own taste. Studio windows and skylights with insulated double-glazed panes let in plenty of daylight. Heating is provided from the central boiler room in the building, and the apartment is **prepared for the installation of air-conditioning**. It is possible to purchase a **separate garage**.

The residence is located in the monument zone of Smíchov, on U Nikolajky Street, which is lined on one side by elegant apartment buildings, and at the opposite end opens onto the traditional residential area of **Malvazinky** with many stylish villas from the 1930s and greenery. Within walking distance are **landscaped parks** or the picturesque, sensitively reconstructed historic **Nikolajka and Santoška homesteads**, which give the location a distinctive character. Nearby, you will find several popular restaurants, a kindergarten, a swimming pool, an ice rink, a post office, and a number of small shops. The Nový Smíchov shopping and entertainment center and the Anděl metro station are a 3-minute bus ride away from the stop that is only a short walk from the building.

Floor area 181.2 m², terrace 9.75 m².

The apartment is offered in cooperative ownership with the possibility of immediate transfer to personal ownership.
